

## Introducing Our Triple Advantage Fiduciary Protection Package

In response to companies wanting better protections against ERISA liability risk, Fiduciary Decisions (FDI) has collaborated with Encore Fiduciary and Broadridge Fi360 to now offer plan sponsors a first-of-a-kind Triple Advantage Fiduciary Protection package with combined, cost-effective services and additional pricing consideration given for annual subscriptions.

This newly introduced package includes:

- 1 An industry-leading benchmarking report to show fee reasonableness determination
- 2 A complimentary fiduciary liability insurance review and discounted fiduciary liability insurance coverage
- 3 Fiduciary training for committee members

Offered by three retirement industry leaders with the intent to provide risk mitigation to plan sponsors if ERISA litigation occurs.

Because Director and Officer insurance typically *excludes* ERISA liability risk, companies are seeking both proactive and reactive ways to protect themselves that this package addresses.

### ERISA Liability Risk Is on the Rise

#### Plans of all sizes may be vulnerable

Under ERISA, your employee retirement plan carries fiduciary responsibilities that can expose plan sponsors and company officers to multi-million-dollar lawsuit settlements. (see *CHART*)

Common claims include excessive fees, deficient investment performance, and improper fund selection. And the damage can go deeper, affecting the company's brand and reputation, as well as recruitment and client acquisition efforts.

Assessing your plan and managing risk is critical for protection.

**In 2023, the average settlement was \$8.4 million**

## BEST PRACTICES NOTE:

- For plans over \$100 million, the industry best practice is to benchmark annually, which is more cost-effective and efficient than an RFP process.
- Plans below \$100 million should benchmark their services and fees periodically—at least every three to five years.

## BENEFITS FOR YOU AND YOUR PARTICIPANTS

- **Fiduciary Decisions** is the industry leader for benchmarking, which helps satisfy the fiduciary obligation to determine fee reasonableness
  - Shows the relationship between the fees you are paying and the quality, service, value and extras you and your participants are receiving
